PROP 75'S HIDDEN AGENDA:

Silence unions so Arnold can roll back pensions and cut school funding

Arnold Wants to Take from You...

Union workers spoke out when Arnold slashed funding for our schools. We stopped him when he tried to take away our pensions and eliminate death benefits for family members of police officers and firefighters who die in the line of duty.

...and Give to Big Business.

"Come next year, we will have pension reform," Arnold says. Translation: Arnold and his corporate backers plan to go after our pensions again in 2006. If Prop 75 passes, unions won't be able to speak out against it.

The real agenda? An unfair power grab to silence our voice.
